

# Responsible Procurement

GPP Helpdesk  
12th of December 2023

# Who are we?

The Office for Responsible  
Procurement

# Who am I?

Karsten Skjellerup

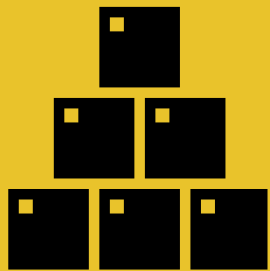

A member of the “Social dumping  
Team”

(a subdivision of the office)

**What do we do?**

# The 5 legs

Goods

Environment

Education

Services

Climate

# ESG

Goods

Education

Services

**Social**

**Environmental**

Environment

Climate

# Services

## The Labour Clause

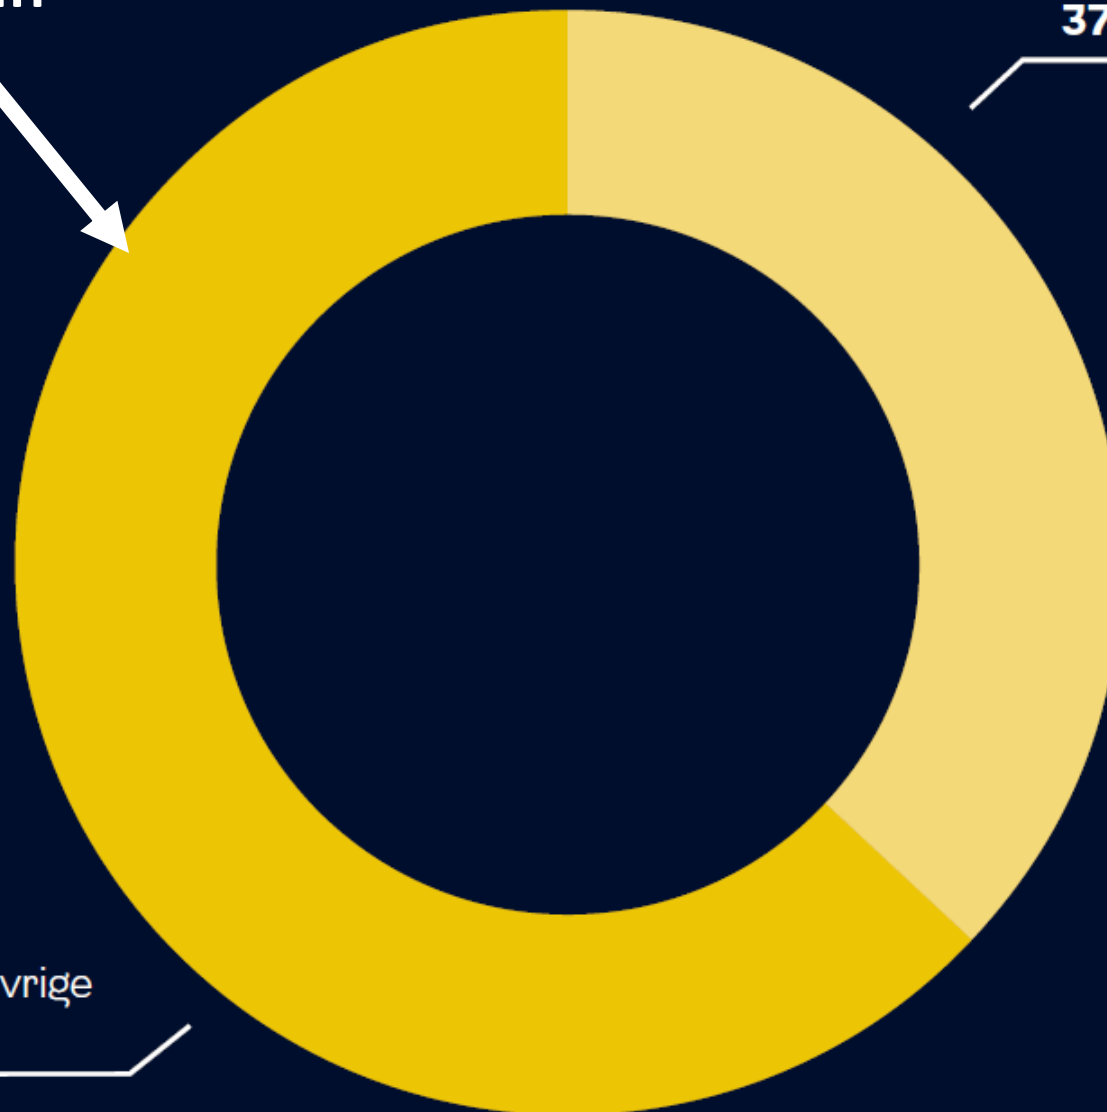

*Wages must follow the minimum level in the most representative collective agreement (also: chain responsibility)*

### **How:**

- *Unannounced audits and investigations  
→ Salary control (risk-based approach)*
- *We demand that underpaid employees are compensated*
- *If not, we use we sanction the contractor*

If you don't understand danish:  
This is the bad stuff

37% Ingen overtrædelse

63% Underbetaling og øvrige  
overtrædelser

# Education

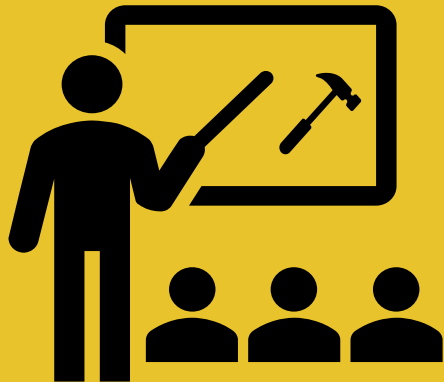

## The Education Clause

*Contractors must take in trainees  
(a quota is set based on the size of the  
contract)*

### ***How:***

- Mandatory follow up on all construction contracts*
- We sanction the constructor if they don't meet their quote*

# Goods

The CSR Appendix

*Requirements for responsible supply chains  
(in DK and globally)*

***How:***

- *Desktop audits and site visits (globally)*
- *Collaboration with local stakeholders*
- *The contractor is sanctioned if demands are not met*

# The Green Procurement Team

---

Climate plan for procurement and monitoring of CO<sub>2</sub>e

---

---

Climate fund to promote the climate friendly procurement

---

---

Internal climate tax

---

---

Advising the organisation on green procurement

---

---

Development of demands for green transport

---

---

Promotes eco-labelled goods and services

---

---

Educations in green procurement

---

---

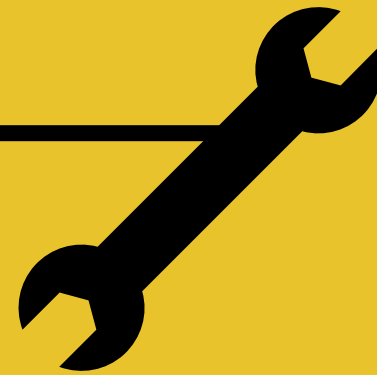

Yearly reporting on green procurement

---

***Two different  
strategies for two  
very similar offices?***

**However, It's  
not simple**

**Use the right tool for  
the right job**

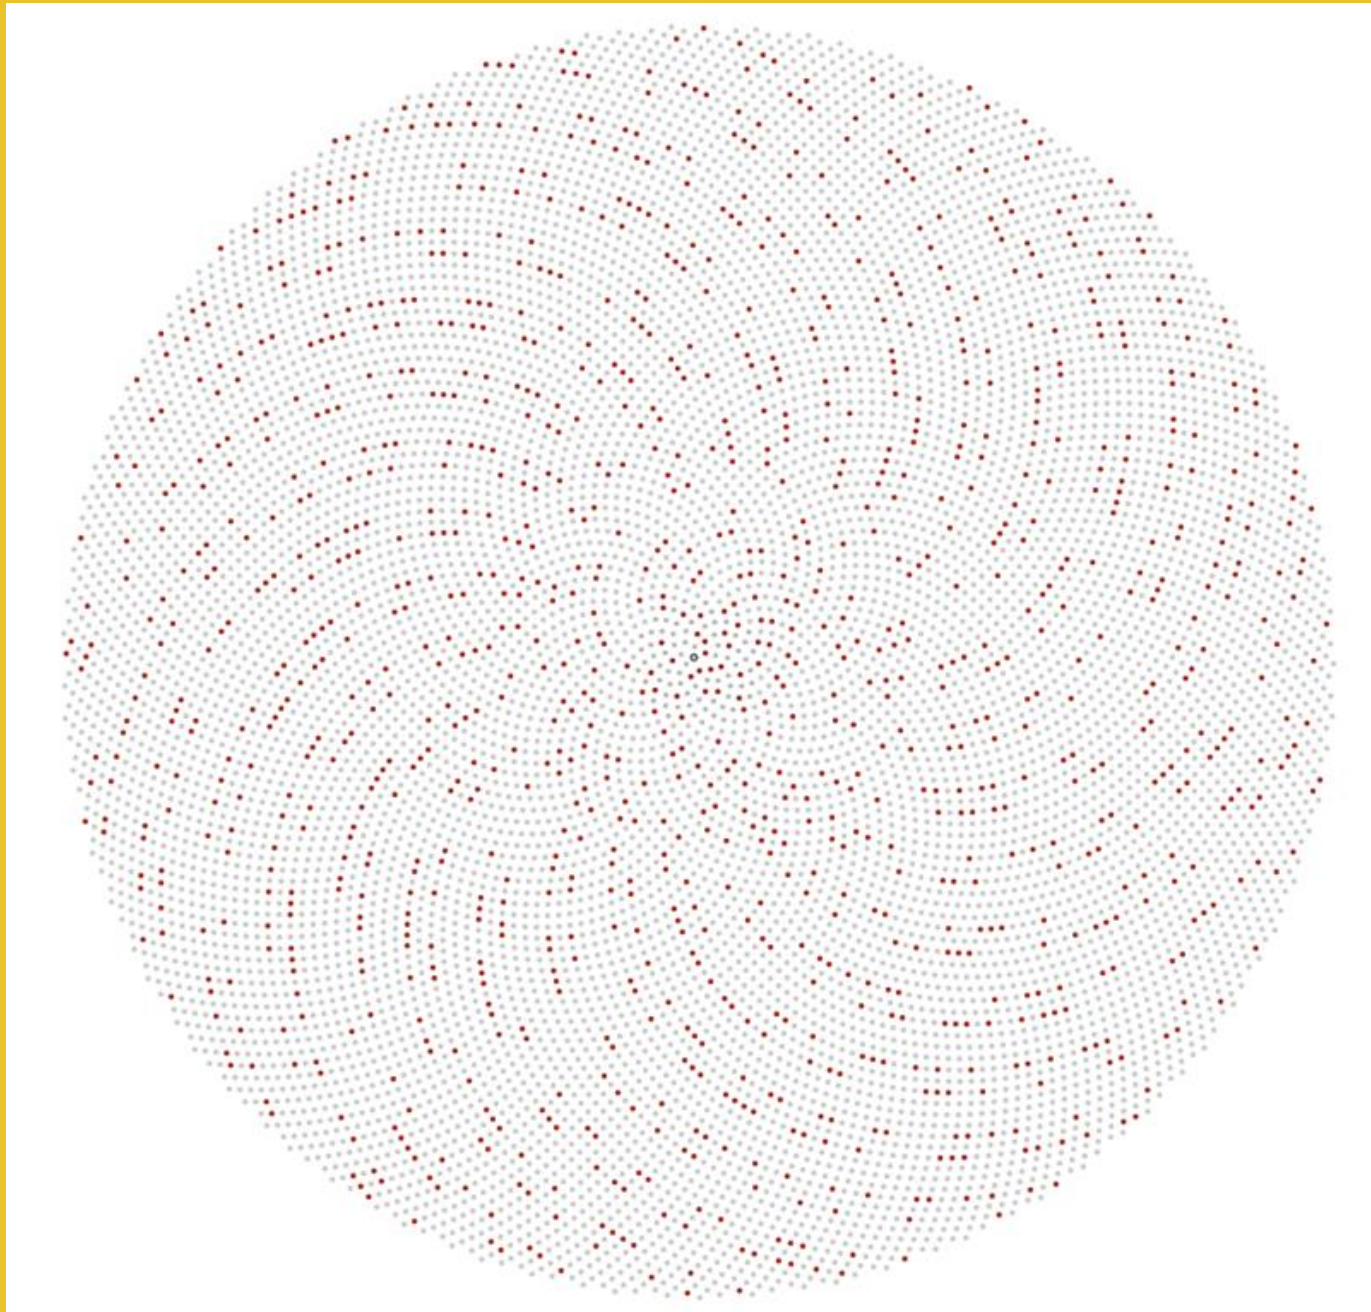

# Stats for Copenhagen

~1,8 billion € in purchases (2021)

~0,1% for the focus on responsible procurement (both green and social)

**10.000 dots**

If something is in a contract,  
it should mean something

Otherwise, it's unfair competition

# Thank you!
