

# Italian Procurement Training Plan- PNRR ACADEMY

Laura Chiodini

7 March 2024

PNRR Academy / Piano Nazionale di Formazione per la professionalizzazione del RUP è realizzato da

In collaborazione con

# Italian Procurement Training Plan - PNRR Academy

Instituted in 2020/2022

Funded also for 2022/2023 & 2023/204

It is a project made up exclusively of institutional actors, representing the four “levels” of Italian government:

-  The Ministry of Infrastructure and Transport (MIT)
-  National School of Administration (SNA) representing the central government
-  Institute for innovation and transparency in tenders (ITACA) representing the Italian regions
-  Institute for Finance and the local Economy (IFEL) representing Italian municipal authorities

With the cooperation of Consip and ANAC.

## Italian Procurement Training Plan - PNRR Academy

**Objective** Design and implementation of an ongoing training program regarding developing expertise for public contracts and related implementation tools, in line with the objectives of the professionalizing strategy and development of human resources

**Target users:** public buyers, staff of contracting authorities and central purchasing bodies at national, regional and local levels

**Free training activities:** training activities are provided **free**

# Italian Procurement Training Plan - PNRR Academy

**2020/2022**

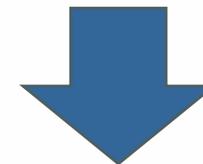

Italy adopted PNRR  
The training plan was aimed at addressing the needs of PNRR procurement providing support to public procurement actors implementing the new regulations.

**2022/2023**

The training plan was designed to implement the ProcurCom EU, the European recommendations on "professionalizing" public procurement employee skills.  
First Survey on public buyers

**2023/2024**

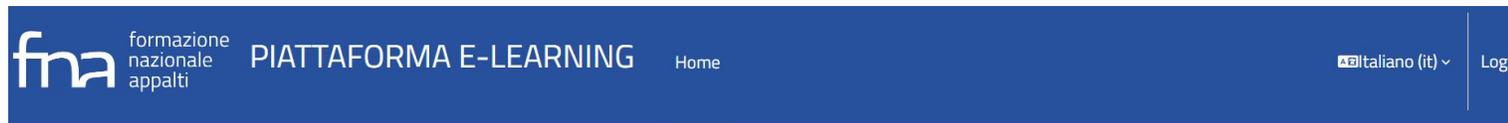

Italy adopted the new Public Procurement Code. The training plan was designed to reflect the new code.  
Second Survey on public buyers

## Advanced Training

Advanced training includes highly specialized training courses (masters), to be carried out in collaboration with Italian universities.

In the academic year 2022/2023, 30 scholarships were funded, 10 for each territorial area: North, Center and South. 11 universities participated and 4 were selected.

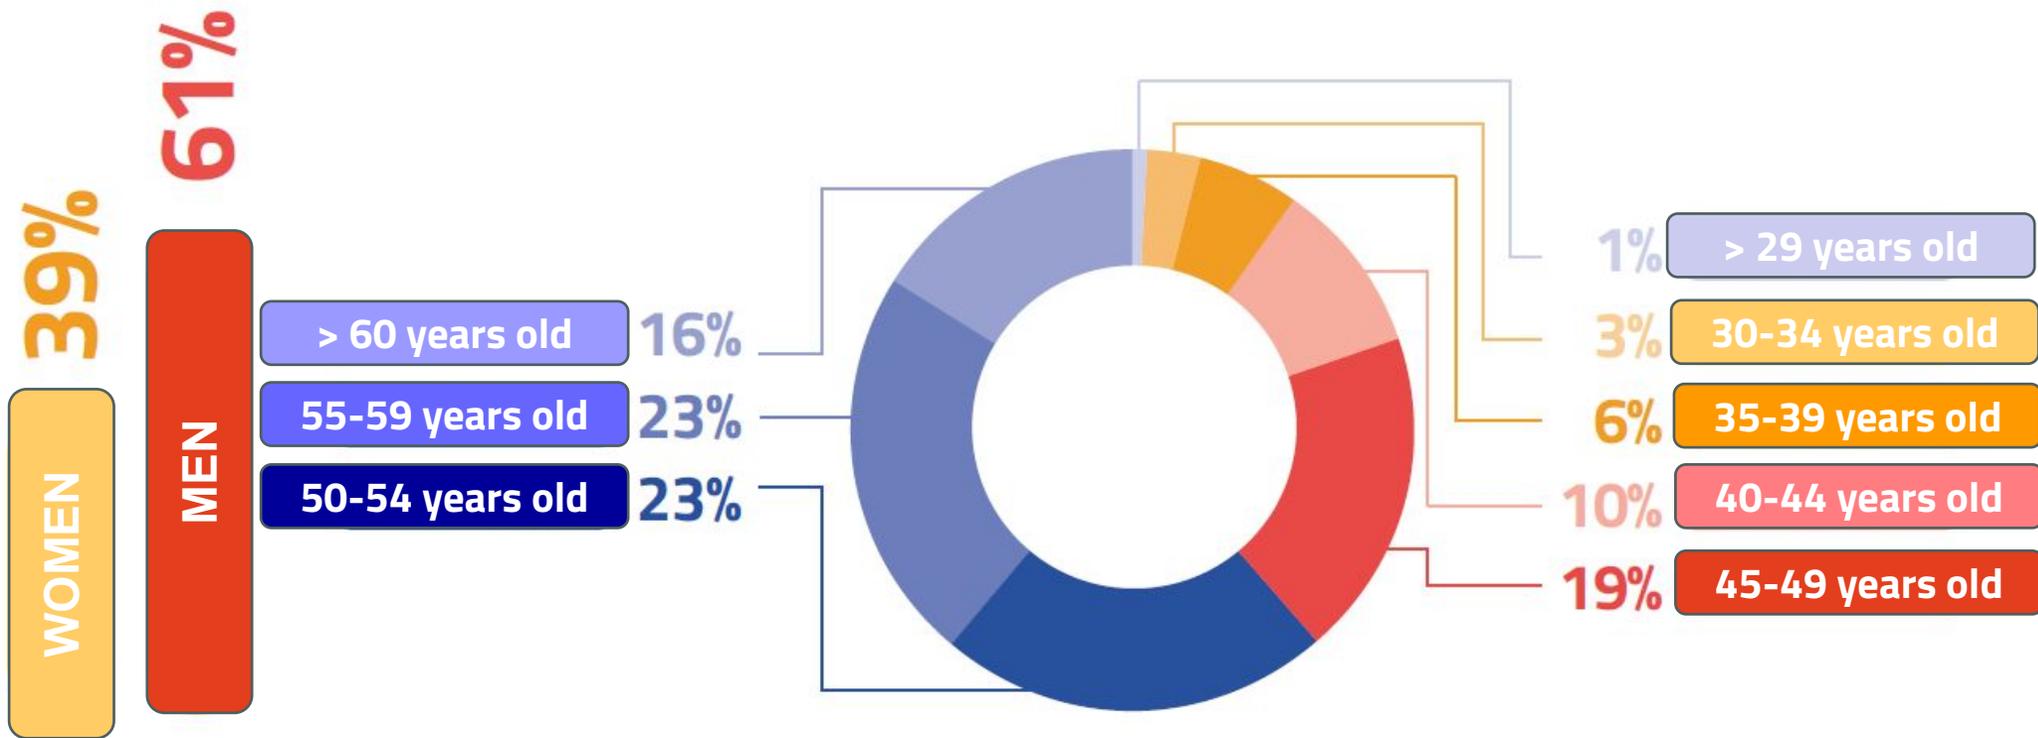

A new selection procedure has been concluded for the year 2024. 10 universities have been selected, for each of which a maximum of 10 scholarships are funded.

## PART 2

# National Survey on public buyers: difficulties and training needs

## 2023 survey

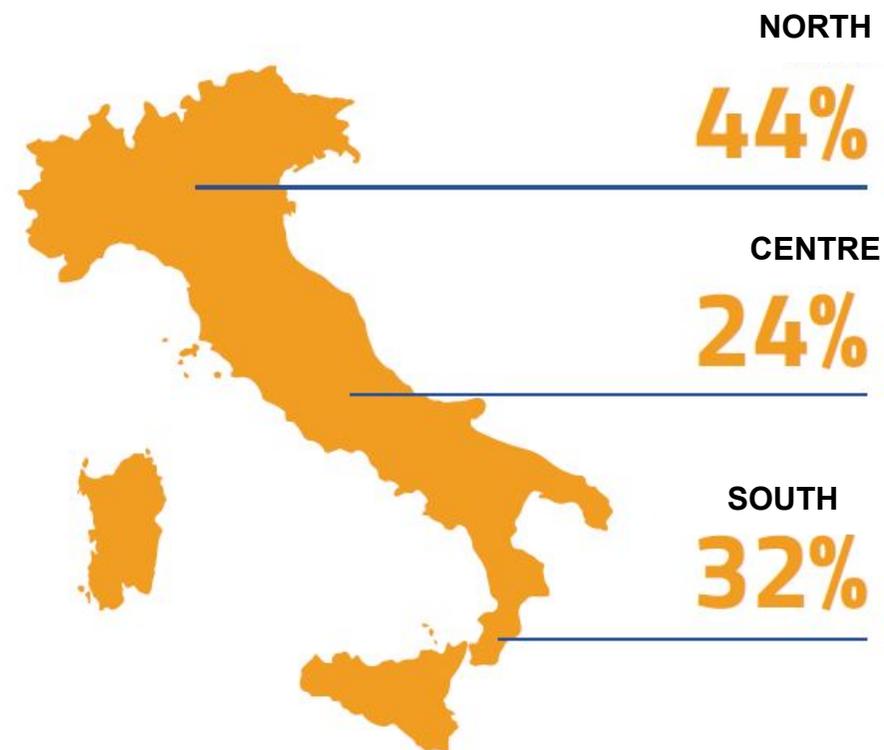

9.555 Answers

## 2023 survey

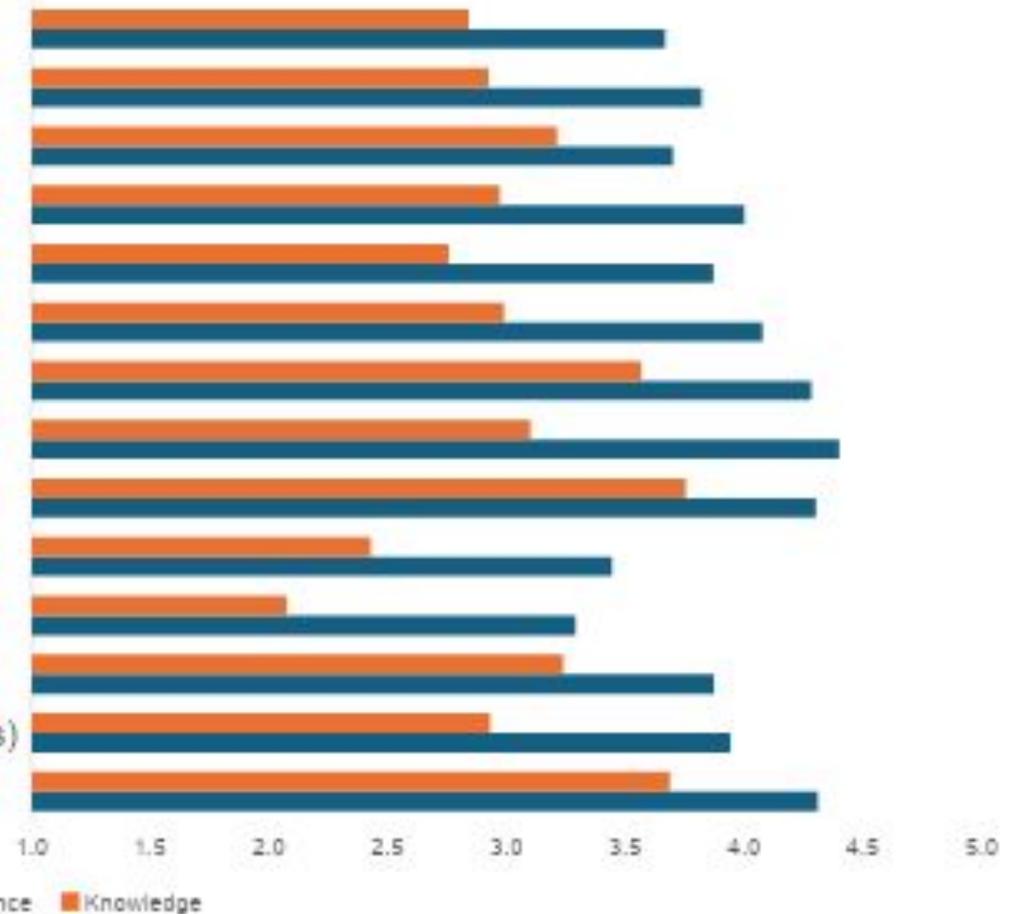

9.555 Answers

Ente di appartenenza	RUP rispondenti	
	Numero	% su totale
